

FOR IMMEDIATE RELEASE

New Peavey Raptor PLUS Upgrade Gives You 35 Pickup Tones

Detroit, Michigan, March 8, 2013

Just released – A *simple-to-install* upgrade for your Peavey Raptor PLUS guitar transforms this low-end instrument into a *Tone Tyrannosaurus Dream Machine*. This upgrade is only available from **AweSome Musical Instruments**. It contains their T3-Switch to give you **35 pickup tones**; over seven times MORE pickup tones than your stock instrument's anemic 5 pickup tones. This upgrade is now part of their growing family of *high performance* patented **Pickup Switch Upgrade™** products.

Your upgraded instrument will **sound like almost every electric guitar ever made**. Now you can duplicate the signature sounds of every famous guitar god to give you a huge edge in the crowded music market.

This upgrade product will fit a Peavey Raptor PLUS instrument or similar body. This product is fully wired and designed to quickly install using your pickups with no body routing or soldering needed.

AweSome Musical Instruments has several dozen products that are based on their family of *high performance* patented **Pickup Switch Upgrade™** products. Their products can be used in almost 200 Fender electric guitar and bass models and most all other manufacturers' instruments. These products are proudly made in the U.S.A. No other passive product can give you more Pure Analog pickup tones.
